

Plaintiff has alleged the following based upon the investigation of Plaintiff's counsel, which included a review of United States Securities and Exchange Commission ("SEC") filings by Perini Corp. ("Perini" or the "Company"), as well as regulatory filings and reports, securities analysts' reports and advisories about the Company, press releases and other public statements issued by the Company, and media reports about the Company, and Plaintiff believes that substantial additional evidentiary support will exist for the allegations set forth herein after a reasonable opportunity for discovery.

NATURE OF THE ACTION

1. This is a federal class action on behalf of purchasers of the common stock of Perini between November 2, 2006 and January 17, 2008, inclusive (the "Class Period"), seeking to pursue remedies under the Securities Exchange Act of 1934 (the "Exchange Act").

JURISDICTION AND VENUE

2. The claims asserted herein arise under and pursuant to Sections 10(b) and 20(a) of the Exchange Act [15 U.S.C. §§78j(b) and 78t(a)] and Rule 10b-5 promulgated thereunder by the SEC [17 C.F.R. §240.10b-5].

3. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §1331 and Section 27 of the Exchange Act.

4. Venue is proper in this District pursuant to Section 27 of the Exchange Act and 28 U.S.C. §1391(b). Many of the acts charged herein, including the preparation and dissemination of materially false and misleading information, occurred in substantial part in this District.

5. In connection with the acts alleged in this Complaint, Defendants, directly or indirectly, used the means and instrumentalities of interstate commerce, including, but not limited to, the mails, interstate telephone communications and the facilities of the national securities markets.

PARTIES

6. Plaintiff William P. Isham, as set forth in the accompanying certification and incorporated by reference herein, purchased the common stock of Perini at artificially inflated prices during the Class Period and has been damaged thereby.

7. Defendant Perini and its subsidiaries offer general contracting, construction management, and design-build services to private clients and public agencies worldwide.

8. (a) Defendant Ronald N. Tutor (“Tutor”) is, and was at all relevant times, Chairman and Chief Executive Officer of Perini.

(b) Defendant Robert Band (“Band”) is, and was at all relevant times, President and Chief Operating Officer of Perini.

(c) Defendant Michael E. Ciskey (“Ciskey”) was the Company’s Vice President and Chief Financial Officer from November 2003 to September 2007. He is currently a Senior Vice President at Perini.

(d) Defendant Kenneth R. Burk (“Burk”) has been Senior Vice President and Chief Financial Officer of Perini since September 2007.

(e) Defendants Tutor, Band, Ciskey and Burk are collectively referred to herein as the “Individual Defendants.”

9. During the Class Period, the Individual Defendants, as senior executive officers and/or directors of Perini, were privy to confidential and proprietary information concerning Perini, its operations, finances, financial condition and present and future business prospects. The Individual Defendants also had access to material adverse non-public information concerning Perini, as discussed in detail below. Because of their positions with Perini, the Individual Defendants had access to non-public information about its business, finances, products, markets and present and future business prospects via access to internal corporate documents, conversations and connections

with other corporate officers and employees, attendance at management and/or board of directors meetings and committees thereof, and via reports and other information provided to them in connection therewith. Because of their possession of such information, the Individual Defendants knew or recklessly disregarded that the adverse facts specified herein had not been disclosed to, and were being concealed from, the investing public.

10. The Individual Defendants are liable as direct participants in the wrongs complained of herein. In addition, the Individual Defendants, by reason of their status as senior executive officers and/or directors, were “controlling persons” within the meaning of Section 20(a) of the Exchange Act and had the power and influence to cause the Company to engage in the unlawful conduct complained of herein. Because of their positions of control, the Individual Defendants were able to and did, directly or indirectly, control the conduct of Perini’s business.

11. The Individual Defendants, because of their positions with the Company, controlled and/or possessed the authority to control the contents of its reports, press releases and presentations to securities analysts and through them, to the investing public. The Individual Defendants were provided with copies of the Company’s reports and press releases, alleged herein to be misleading, prior to or shortly after their issuance and had the ability and opportunity to prevent their issuance or cause them to be corrected. Thus, the Individual Defendants had the opportunity to commit the fraudulent acts alleged herein.

12. As senior executive officers and/or directors and as controlling persons of a publicly traded company whose common stock was, and is, registered with the SEC pursuant to the Exchange Act, and was, and is, traded on the New York Stock Exchange (“NYSE”) and governed by the federal securities laws, the Individual Defendants had a duty to promptly disseminate accurate and truthful information with respect to Perini’s financial condition and performance, growth, operations,

financial statements, business, products, markets, management, earnings and present and future business prospects, and to correct any previously issued statements that had become materially misleading or untrue, so that the market price of Perini's common stock would be based upon truthful and accurate information. The Individual Defendants' misrepresentations and omissions during the Class Period violated these specific requirements and obligations.

13. The Individual Defendants are liable as participants in a fraudulent scheme and course of conduct which operated as a fraud or deceit on purchasers of Perini's common stock by disseminating materially false and misleading statements and/or concealing material adverse facts. The scheme: (i) deceived the investing public regarding Perini's business, operations, management and the intrinsic value of Perini's securities; (ii) allowed Defendants Band and Tutor, and other Company insiders to sell more than 4.3 million shares of their personally-held Perini common stock for gross proceeds in excess of \$210 million; and (iii) caused Plaintiff and members of the Class (defined below) to purchase Perini's common stock at artificially inflated prices.

PLAINTIFF'S CLASS ACTION ALLEGATIONS

14. Plaintiff brings this action as a class action pursuant to Federal Rule of Civil Procedure 23(a) and (b)(3) on behalf of a class consisting of all those who purchased the common stock of Perini between November 2, 2006 and January 17, 2008, inclusive, and who were damaged thereby (the "Class"). Excluded from the Class are Defendants, the officers and directors of the Company, at all relevant times, members of their immediate families and their legal representatives, heirs, successors or assigns and any entity in which Defendants have or had a controlling interest.

15. The members of the Class are so numerous that joinder of all members is impracticable. Throughout the Class Period, Perini common stock was actively traded on the NYSE. While the exact number of Class members is unknown to Plaintiff at this time and can only be ascertained through appropriate discovery, Plaintiff believes that there are hundreds or thousands of

members in the proposed Class. Record owners and other members of the Class may be identified from records maintained by Perini or its transfer agent and may be notified of the pendency of this action by mail, using the form of notice similar to that customarily used in securities class actions.

16. Plaintiff's claims are typical of the claims of the members of the Class as all members of the Class are similarly affected by Defendants' wrongful conduct in violation of federal law complained of herein.

17. Plaintiff will fairly and adequately protect the interests of the members of the Class and has retained counsel competent and experienced in class action and securities litigation.

18. Common questions of law and fact exist as to all members of the Class and predominate over any questions solely affecting individual members of the Class. Among the questions of law and fact common to the Class are:

(a) whether the federal securities laws were violated by Defendants' acts as alleged herein;

(b) whether statements made by Defendants to the investing public during the Class Period misrepresented material facts about the business and operations of Perini;

(c) whether the price of Perini common stock was artificially inflated during the Class Period; and

(d) to what extent the members of the Class have sustained damages and the proper measure of damages.

19. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy since joinder of all members is impracticable. Furthermore, as the damages suffered by individual Class members may be relatively small, the expense and burden of

individual litigation make it impossible for members of the Class to individually redress the wrongs done to them. There will be no difficulty in the management of this action as a class action.

SUBSTANTIVE ALLEGATIONS

20. Defendant Perini describes itself as a “leading construction services company offering diversified general contracting, construction management and design-build services to private clients and public agencies throughout the world.” On May 12, 2005, Perini announced that it was selected for a multi-billion dollar construction contract from MGM MIRAGE to build a major portion of Project CityCenter.

21. The Class Period begins on November 2, 2006. On that date, Perini issued a press release announcing its financial results for the third quarter of 2006, the period ended September 30, 2006. For the quarter, the Company reported net income of \$9.6 million, diluted earnings per common share of \$0.36 and revenues from construction operations of \$773.3 million. Defendant Band, commenting on the results, stated, in pertinent part, as follows:

We are pleased to report a profitable performance for the third quarter of 2006. Our backlog is converting to revenue as expected. In addition, we have added new work to our backlog during 2006 at a faster pace than our revenue burn-off, resulting in a backlog of \$9.0 billion at September 30, 2006. **Given the visibility provided from this backlog, we look forward to what we anticipate will be a record year in 2007 for revenues and earnings per share.** [Emphasis added.]

22. Upon this news, shares of the Company’s stock rose \$4.16 per share, or 17%, to close at \$28.36 per share, on heavy trading volume.

23. On February 15, 2007, after the markets closed, Perini issued a press release announcing its financial results for the fourth quarter and year end of 2006, the period ended December 31, 2006. For the quarter, the Company reported net income of \$19.3, diluted earnings per common share of \$0.72, revenues from construction operations of \$944.3 million and a backlog

of uncompleted construction work of \$8.5 billion. Defendant Band commented on the results, stating, in pertinent part, as follows:

We are pleased to report a record pretax profit for 2006, led by our building and our management services segments. Our strong backlog of \$7.9 billion entering 2006 converted to revenue as expected during the year. In addition, we have added new work to our backlog during 2006 at a faster pace than our revenue burn-off, resulting in an increased backlog of \$8.5 billion at December 31, 2006. Given the visibility provided from this backlog, we look forward to what we anticipate will be a record year in 2007 for revenues and earnings per share.

With regard to the Company's outlook, the press release stated, in pertinent part, as follows:

Looking ahead to 2007, led by continued growth in its building segment and strong profit contributions from all of its operating segments, the Company affirms its initial guidance for 2007 revenues in the range of \$3.8 to \$4.0 billion and diluted earnings per share ranging from \$2.00 to \$2.20.

24. In response to the Company's earnings announcement and guidance for 2007, on February 16, 2007, the price of Perini common stock rose \$6.04, or approximately 20%, to close at \$36.41 per share, on heavy trading volume.

25. On May 8, 2007, Perini issued a press release announcing its financial results for the first quarter of 2007, the period ended March 31, 2007. For the quarter, the Company reported revenues from construction operations of \$987.4 million, net income of \$22.7 million, diluted earnings per common share of \$0.84 and a backlog of uncompleted construction work of \$8.6 billion. Defendant Band commented on the results, stating, in pertinent part, as follows:

We are pleased to report a strong performance for the first quarter of 2007, led by our building and management services segments. The increase in our revenues and profit primarily reflects the conversion of our substantial building segment backlog into revenues and profit as anticipated, and an exceptionally strong management services segment performance resulting in a significant contribution to our first quarter operating results. In addition, our backlog of \$8.6 billion remains near its all-time record level. Given the visibility provided from this backlog, we continue to look forward to what we anticipate will be a record year in 2007 for revenues and earnings per share.

With regard to the Company's outlook, the press release stated, in pertinent part, as follows:

Based on the strong first quarter performance, the Company increases its guidance for 2007 revenues from a range of \$3.8 to \$4.0 billion to a range of \$4.0 to \$4.2 billion, and diluted earnings per share from a range of \$2.00 to \$2.20 to a range of \$2.40 to \$2.60.

26. In response to the Company's earnings announcement and increased guidance for 2007, on May 9, 2007, the price of Perini common stock rose \$4.50, or approximately 10%, to close at \$50.42 per share, on heavy trading volume.

27. On August 7, 2007, the Company issued a press release announcing its financial results for the second quarter of 2007, the period ended June 30, 2007. For the quarter, the Company reported revenues from construction operations of \$1.15 billion, net income of \$27.6 million, diluted earnings per common share of \$1.01 and a backlog of uncompleted construction work of \$8.7 billion. Defendant Band commented on the results, stating, in pertinent part, as follows:

We are pleased to report the largest quarter for revenues and net income in the 113-year history of the Company, led again by our building and management services segments. The increase in our revenues and profit continues to primarily reflect the conversion of our substantial building segment backlog into revenues and profit as anticipated. In addition, our backlog of \$8.7 billion remains near its all-time record level. Given the visibility provided from this backlog, we continue to look forward to what we anticipate will be a record year in 2007 for revenues and earnings per share.

With regard to the Company's outlook, the press release stated, in pertinent part, as follows:

As a result of the strong performance in the first six months by the building and management services segments, the Company is increasing its guidance for 2007 revenues from a range of \$4.0 to \$4.2 billion to a range of \$4.1 to \$4.3 billion, and diluted earnings per share from a range of \$2.40 to \$2.60 to a range of \$2.80 to \$3.00.

28. On November 8, 2007, Perini issued a press release announcing its financial results for the third quarter of 2007, the period ended September 30, 2007. For the quarter, the Company reported revenues from construction operations of \$1.24 billion, net income of \$24.0 million, diluted earnings per common share of \$0.87 and a backlog of uncompleted construction work of \$7.8 billion. Defendant Band commented on the results, stating, in pertinent part, as follows:

We are pleased to again report, for the eighth consecutive quarter, the largest quarter for revenues, and for nine months the largest net income in the 113-year history of the Company, led again by our building and management services segments. The increase in our revenues and profit continues to primarily reflect the conversion of our substantial building segment backlog into revenues and profit as anticipated. In addition, our management services segment continues to deliver outstanding results.

With regard to the Company's outlook, the press release stated, in pertinent part, as follows:

As a result of the strong performance in the first nine months by the building and management services segments, the Company is increasing guidance for 2007 revenues from a range of \$4.1 to \$4.3 billion to a range of \$4.4 to \$4.6 billion, and diluted earnings per share from a range of \$2.80 to \$3.00 to a range of \$3.30 to \$3.45.

Based on the current backlog revenues and profitability and the strength of our position in the marketplace, the Company is providing initial guidance for 2008 revenues in the range of \$5.0 to \$5.4 billion, and diluted earnings per share ranging from \$3.50 to \$3.75.

29. Following the press release, the Individual Defendants held a conference call with analysts and investors. With regard to the CityCenter Project, Defendant Band stated, in pertinent part, as follows:

Over the last several months the residential construction market has slowed and the credit market environment has fueled concerns over the health of the economy. **But at this point we have not seen an impact on the office building -- on the hospitality and gaming and other building projects currently under construction in our backlog. In fact there is strong and active --** there is a strong and active pipeline of new work prospects available, not only in Las Vegas but also in California, the Northeast and in Florida.

Perini is known for our ability to deliver complex large-scale projects on time and on budget. During the quarter, our Building segment continued its track record of consistent and steady execution on each of our major projects. **Work on each of the main structures at the 66-acre site of our largest project -- the \$5.3 billion MGM project CityCenter in Las Vegas -- is moving forward on schedule.** We have poured the 28th floor of the 61-story resort Casino. We are up to the 28th floor on the VDara condo hotel and the 15th floor of the Mandarin Tower.

We are currently working on foundations of both Twin Veer Towers and the Harmon Hotel and structural steel erection continues at the retail and entertainment center.

Work at the \$1.8 billion Cosmopolitan Resort and Casino in Las Vegas is also on track. We continue with structural steel erection and have completed all footings

and foundations. Within the next month we will begin forming and placing concrete in both Towers. This project is on track for completion at the end of 2009.

30. In response to the Company's earnings announcement and increased guidance for 2007 and initial guidance for 2008, the price of the Company's stock rose on \$2.87 per share, or over 5%, to close at \$57.86 per share, on heavy trading volume.

31. The statements referenced above in ¶¶21-29 were materially false and misleading when made because they misrepresented and failed to disclose:

(a) that the developer was experiencing financial problems because it failed to secure financing for the entire project and was dependent upon raising the remainder of the financing from the expected sale of residential units. However, the proceeds from the residential unit sales were based on unrealistic and aggressive prices at a time when the condo market in Las Vegas, Nevada was extremely weak;

(b) that the Company's Las Vegas projects were being delayed, and could possibly be halted;

(c) that the developer of Perini's Las Vegas, Nevada projects, including the CityCenter Project, was in risk of defaulting on its construction loan;

(d) that the Company's future revenue and profit was dependent upon the Las Vegas projects since the projects consisted of approximately 20% of its backlog; and

(e) as a result of the forgoing, the Company's ability to maintain their profit margins were in serious doubt.

32. Then, on January 17, 2008, the Company issued a press release announcing that Deutsche Bank "delivered a notice of loan default to the developer of the Cosmopolitan Resort and Casino project under construction in Las Vegas, Nevada." The press release continued, in pertinent part, as follows:

Perini Building Company, Inc., a wholly-owned subsidiary of Perini Corporation, is the general contractor for the project which is scheduled for completion in December of 2009. Currently, Perini is in discussions with the developer and lender to facilitate an orderly continuation of construction of the project. Pending the outcome of these discussions, the Company is unable to determine the financial impact, if any, at this time. At this time, construction work continues and all current amounts due to Perini have been paid pursuant to the terms of the construction contract. As of December 31, 2007, work remaining to be performed under the construction contract totaled approximately \$1.4 billion.

33. In response to this announcement, shares of the Company's common stock fell \$10.05 per share, or 27%, to close at \$27.65 per share, on heavy trading volume.

34. The markets for Perini common stock were open, well-developed and efficient at all relevant times. As a result of these materially false and misleading statements and failures to disclose, Perini's securities traded at artificially inflated prices during the Class Period. Plaintiff and other members of the Class purchased or otherwise acquired Perini's common stock relying upon the integrity of the market price of Perini's common stock and market information relating to Perini, and have been damaged thereby.

35. During the Class Period, Defendants materially misled the investing public, thereby inflating the price of Perini's common stock, by publicly issuing false and misleading statements and omitting to disclose material facts necessary to make Defendants' statements, as set forth herein, not false and misleading. Said statements and omissions were materially false and misleading in that they failed to disclose material adverse information and misrepresented the truth about the Company, its business and operations, as alleged herein.

36. At all relevant times, the material misrepresentations and omissions particularized in this Complaint directly or proximately caused, or were a substantial contributing cause of, the damages sustained by Plaintiff and other members of the Class. As described herein, during the Class Period, Defendants made or caused to be made a series of materially false or misleading statements about Perini's business, prospects and operations. These material misstatements and

omissions had the cause and effect of creating in the market an unrealistically positive assessment of Perini and its business, prospects and operations, thus causing the Company's common stock to be overvalued and artificially inflated at all relevant times. Defendants' materially false and misleading statements during the Class Period resulted in Plaintiff and other members of the Class purchasing the Company's common stock at artificially inflated prices, thus causing the damages complained of herein.

Additional Scienter Allegations

37. As alleged herein, Defendants acted with scienter in that Defendants knew that the public documents and statements issued or disseminated in the name of the Company were materially false and misleading; knew that such statements or documents would be issued or disseminated to the investing public; and knowingly and substantially participated or acquiesced in the issuance or dissemination of such statements or documents as primary violations of the federal securities laws. As set forth elsewhere herein in detail, Defendants, by virtue of their receipt of information reflecting the true facts regarding Perini, their control over, and/or receipt and/or modification of Perini's allegedly materially misleading misstatements, and/or their associations with the Company which made them privy to confidential proprietary information concerning Perini, participated in the fraudulent scheme alleged herein.

38. Defendants were further motivated to engage in this course of conduct in order to allow Defendants Band and Tutor, and other Company insiders to sell more than 4.3 million shares of their personally-held Perini common stock for gross proceeds in excess of \$210 million. The insider shares sold during the Class Period are set forth more fully in the following chart:

Insider	Date	Shares	Price	Proceeds
ROBERT BAND	3/15/2007	500	\$34.89	\$17,445
	3/15/2007	200	\$34.90	\$6,980

Loss Causation/Economic Loss

39. During the Class Period, as detailed herein, Defendants engaged in a scheme to deceive the market and a course of conduct which artificially inflated the prices of Perini's common stock and operated as a fraud or deceit on Class Period purchasers of Perini's common stock by failing to disclose that the Company's Las Vegas projects were being delayed, and could possibly be halted, because the developer of Perini's Las Vegas, Nevada projects, including the CityCenter Project, was in risk of defaulting on its construction loan. When Defendants' prior misrepresentations and fraudulent conduct were disclosed and became apparent to the market, the price of Perini's common stock fell precipitously as the prior artificial inflation came out. As a result of their purchases of Perini's common stock during the Class Period, Plaintiff and the other Class members suffered economic loss, i.e., damages, under the federal securities laws.

40. By failing to disclose that the Company's Las Vegas projects were being delayed, and could possibly be halted, Defendants presented a misleading picture of Perini's business and

prospects. Defendants' false and misleading statements had the intended effect and caused Perini's common stock to trade at artificially inflated levels throughout the Class Period, reaching as high as \$73.89 per share on July 23, 2007.

41. As a direct result of Defendants' disclosures on January 17, 2008, the price of Perini common stock fell precipitously, falling \$10.05 per share, or approximately 27%. This drop removed the inflation from the price of Perini common stock, causing real economic loss to investors who had purchased Perini common stock during the Class Period.

42. The 27% decline in the price of Perini common stock after these disclosures came to light was a direct result of the nature and extent of Defendants' fraud finally being revealed to investors and the market. The timing and magnitude of the price decline in Perini common stock negates any inference that the loss suffered by Plaintiff and the other Class members was caused by changed market conditions, macroeconomic or industry factors or Company-specific facts unrelated to the Defendants' fraudulent conduct. The economic loss, i.e., damages, suffered by Plaintiff and the other Class members was a direct result of Defendants' fraudulent scheme to artificially inflate the prices of Perini common stock and the subsequent significant decline in the value of Perini common stock when Defendants' prior misrepresentations and other fraudulent conduct were revealed.

**Applicability of Presumption of Reliance:
Fraud on the Market Doctrine**

43. At all relevant times, the market for Perini's common stock was an efficient market for the following reasons, among others:

(a) Perini common stock met the requirements for listing, and was listed and actively traded on the NYSE, a highly efficient and automated market;

(b) as a regulated issuer, Perini filed periodic public reports with the SEC and the NYSE;

(c) Perini regularly communicated with public investors via established market communication mechanisms, including regular disseminations of press releases on the national circuits of major newswire services and other wide-ranging public disclosures, such as communications with the financial press and other similar reporting services; and

(d) Perini was followed by several securities analysts employed by major brokerage firms who wrote reports which were distributed to the sales force and certain customers of their respective brokerage firms. Each of these reports was publicly available and entered the public marketplace.

44. As a result of the foregoing, the market for Perini common stock promptly digested current information regarding Perini from all publicly available sources and reflected such information in the prices of the stock. Under these circumstances, all purchasers of Perini common stock during the Class Period suffered similar injury through their purchase of Perini common stock at artificially inflated prices and a presumption of reliance applies.

No Safe Harbor

45. The statutory safe harbor provided for forward-looking statements under certain circumstances does not apply to any of the allegedly false statements pleaded in this Complaint. Many of the specific statements pleaded herein were not identified as “forward-looking statements” when made. To the extent there were any forward-looking statements, there were no meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those in the purportedly forward-looking statements. Alternatively, to the extent that the statutory safe harbor does apply to any forward-looking statements pleaded herein, Defendants are liable for those false forward-looking statements because at the time each of those forward-looking

statements were made, the particular speaker knew that the particular forward-looking statement was false, and/or the forward-looking statement was authorized and/or approved by an executive officer of Perini who knew that those statements were false when made.

COUNT I

Violation of Section 10(b) of the Exchange Act Against and Rule 10b-5 Promulgated Thereunder Against All Defendants

46. Plaintiff repeats and realleges each and every allegation contained above as if fully set forth herein.

47. During the Class Period, Defendants disseminated or approved the materially false and misleading statements specified above, which they knew or deliberately disregarded were misleading in that they contained misrepresentations and failed to disclose material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading.

48. Defendants: (a) employed devices, schemes, and artifices to defraud; (b) made untrue statements of material fact and/or omitted to state material facts necessary to make the statements not misleading; and (c) engaged in acts, practices, and a course of business which operated as a fraud and deceit upon the purchasers of the Company's common stock during the Class Period.

49. Plaintiff and the Class have suffered damages in that, in reliance on the integrity of the market, they paid artificially inflated prices for Perini common stock. Plaintiff and the Class would not have purchased Perini common stock at the prices they paid, or at all, if they had been aware that the market prices had been artificially and falsely inflated by Defendants' misleading statements.

50. As a direct and proximate result of Defendants' wrongful conduct, Plaintiff and the other members of the Class suffered damages in connection with their purchases of Perini common stock during the Class Period.

COUNT II

Violation of Section 20(a) of the Exchange Act Against the Individual Defendants

51. Plaintiff repeats and realleges each and every allegation contained above as if fully set forth herein.

52. The Individual Defendants acted as controlling persons of Perini within the meaning of Section 20(a) of the Exchange Act as alleged herein. By reason of their positions as officers and/or directors of Perini, and their ownership of Perini stock, the Individual Defendants had the power and authority to cause Perini to engage in the wrongful conduct complained of herein. By reason of such conduct, the Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act.

WHEREFORE, Plaintiff prays for relief and judgment, as follows:

A. Determining that this action is a proper class action, designating Plaintiff as Lead Plaintiff and certifying Plaintiff as a Class representative under Rule 23 of the Federal Rules of Civil Procedure and Plaintiff's counsel as Lead Counsel;

B. Awarding compensatory damages in favor of Plaintiff and the other Class members against all Defendants, jointly and severally, for all damages sustained as a result of Defendants' wrongdoing, in an amount to be proven at trial, including interest thereon;

C. Awarding Plaintiff and the Class their reasonable costs and expenses incurred in this action, including counsel fees and expert fees; and

D. Such other and further relief as the Court may deem just and proper.

JURY TRIAL DEMANDED

Plaintiff hereby demands a trial by jury.
